**Used Parts**

Used parts sold or itemized in repairs for individuals for personal use, are subject to PST on the selling price of the parts less a deduction of \$300 per item.

If a trade-in is involved, the purchaser is entitled to the \$300 deduction or the value of the trade-in, whichever is greater. The \$300 deduction does not apply to sales of items for business use or on used parts from outside of Canada.

**Reconditioned or Remanufactured Parts**

Reconditioned or remanufactured goods, such as motors, transmissions, alternators, brake shoes, batteries, fuel pumps, water pumps and retreaded tires are subject to tax on the total selling price. If an exchange unit is traded-in, the tax must be calculated on the cash difference. **A refund of tax is permitted on core credits** when the item is subsequently returned.

On the sale of a used part to an **individual** who receives credit for a core charge, the greater of the \$300 personal exemption **or** the actual core charge may be deducted, but **not** both.

### **Warranty Repairs**

For further information on extended warranty contracts, please refer to Information Bulletin [PST-6, Extended Warranty and Maintenance Contracts](#).

### **D. SHOP SUPPLIES**

Charges to the customer for shop supplies are subject to PST. This includes charges invoiced to the customer as a fixed percentage of the total labour charge to cover the shop supplies used.

If these charges are shown as a separate line item on the invoice to the customer, the repair shop is required to collect the PST on the charge and may purchase these items exempt from tax by quoting their vendor's licence number to their suppliers.

In cases where specialized diagnostic equipment is used to conduct the analysis, any charges to the customer for use of this equipment form part of the service agreement and are also subject to tax.

For an Indian band or non-commercial band-empowered entity, the band number and band name must be recorded on the sales invoice. A band-empowered entity must also certify that the purchase is for non-commercial band-management activities. **The vendor must retain documentation to support the exemption, including proof of delivery such as a waybill, freight bill or postal receipt.**

Repair labour performed on reserve for status Indians and Indian bands is not subject to tax providing the above documentation requirements are met. **Proof the labour was performed on reserve must be retained.** Repairs performed off reserve are taxable.

**N. TAX TIPS LINE**

When a business or individual does not comply with provincial tax legislation, businesses face unfair competition and a burden is placed on all taxpayers who do comply. It causes significant loss in the revenue available to fund services such as health, education and other important government programs.

Tax Tips Line provides an anonymous, fully confidential way for the public to report businesses or individuals who are participating in tax fraud. If you suspect that a business or individual is being dishonest with their provincial taxes or is misrepresenting their activities to reduce their taxes, you can report them using Tax Tips Line.
