- When purchased from a licensed supplier, the tax must be paid to the supplier at the time of purchase.
- When purchased from a supplier who did not collect the tax, or when taken from an exempt resale inventory, the tax must be self-assessed and remitted with the regular tax return. This includes goods taken for personal or business use.
- When purchased from an unlicensed supplier located outside Saskatchewan, the tax must be self-assessed and remitted with the regular tax return on the laid down cost, which includes currency exchange, transportation charges, customs and excise duties, and importation charges; but not the GST.

E. INCIDENTAL RETAIL SALES

Service enterprises that make incidental retail sales of goods from their tax-paid inventory must collect the tax from the customer. The tax that was paid to the supplier on the items that are sold may be deducted from the tax collected from the customer, and the difference reported on the return form.

G. TRAINING COURSES, PROGRAMS, WORKSHOPS AND SEMINARS

Effective October 1, 2022, PST applies to admissions to certain courses, programs, workshops, or seminars:

- That are not required for accreditation or designation but simply broaden one's knowledge in a field; or,
- That may be occupationally related and required to maintain or upgrade a professional or trade accreditation or designation, but are not provided by a professional or trade association, government, vocational school, university, or public college, or by the regulatory body, as part of a broader educational or vocational program which may lead to a formal recognition of skills, such as a diploma, degree, or licence.

Where a business obtains a tax status ruling from the GST/HST Rulings Unit on the admission to a particular course, program, workshop, or seminar, that ruling will also apply for PST. Please see Information Bulletin [PST-76, Admissions, Entertainment and Recreation](#).

H. TRANSPORTATION SERVICES

Businesses such as common carriers or couriers hauling goods on behalf of others are not required to collect PST on their services. The purchaser or consumer of these services is required to self-assess the tax where applicable. The transportation company is required to pay tax on all equipment and supplies used in providing their services as outlined in Section D of this bulletin. Note that vehicles registered inter-jurisdictionally are subject to the Prorated Vehicle Tax. For further information please see Information Bulletin, [PST-50, Inter-Jurisdictional Carriers](#).

Freight or delivery charges that are invoiced to a customer for the shipment of a taxable commodity are subject to PST if the supply point originates outside Saskatchewan. K. TAX TIPS LINE

When a business or individual does not comply with provincial tax legislation, businesses face unfair competition and a burden is placed on all taxpayers who do comply. It causes significant loss in the revenue available to fund services such as health, education, and other important government programs.

The Tax Tips Line provides an anonymous, fully confidential way for the public to report businesses or individuals who are participating in tax fraud. If you suspect that a business or individual is being dishonest with their provincial taxes or is misrepresenting their activities to reduce their taxes, you can report them using the Tax Tips Line.

Please visit our website at saskatchewan.ca/business/taxes-licensing-and-reporting/provincial-taxes-policies-and-bulletins/tax-tips-line to find out more regarding types of tax fraud and the information to report, if possible.
